A Mix of 12 Interesting Newcomers Hit Top 30 Ranks for LPI and/or Pro\$

A total of 114 bulls born in 2012 or 2013 receive their first official domestic LPI this round. In addition to the group of three newly proven bulls that reach Top 10 status for either Pro\$ or LPI, there is another crop of nine newcomers that penetrate the Top 30 list for either index. He is immediately followed by Mystique Alsace (McCutchen x Gerard) at #12 Pro\$ (#40 LPI) while Spruce-Haven Stoic-ET (Epic x Trigger) is not far behind at #14 Pro\$ (#27 LPI). Five Newly Indexed Cows Land on Top 10 List for Both GLPI and Pro\$

A tidal wave of seven incredible young cows receive their first official GLPI this round to flood the lists of Top 10 for GLPI and Pro\$. In fact, all of the five new arrivals among Top 10 Pro\$ also enter the Top 10 GLPI list this round. These include two sets of newly indexed full sisters from the Stantons herd, all sired by Delta. One set includes a pair of full sisters who climb to the summit of the Pro\$ list as Stantons Bee Desired-ET becomes the new #1 Pro\$ cow (#3 GLPI, #9 Fat) with Stantons Bee Daisy-ET makes her appearance in #2 Pro\$ position (#5 GLPI). A third full sister, Stantons Bee Delta-ET, debuts at #12 Pro\$ (#22 GLPI) while their maternal sister by Supershot, namely Stantons Bee Something-ET, maintains a spot on the Top 10 Pro\$ by grabbing #8 spot (#137 GLPI). Their well-known dam is Ri-Val-Re Num Uno Bee-ET (#17 Pro\$, #79 GLPI), who leads the list of dams of cows on the Top 1000 lists for both Pro\$ and GLPI with 18 and 17 respectively. The second pair of full sisters penetrating the top Pro\$ list with their first official index are Stantons Delta Approved-ET at #5 Pro\$ (#7 GLPI) and Stantons Does Appear-ET at #7 Pro\$ and #2 GLPI (dam is Stantons Cameo Appearance).

The new #1 GLPI cow is Dudoc Superman Somnanbule, who is a newly indexed Superman daughter out of Dudoc McCutchen Rancune P*POC (#14 GLPI, #68 Pro\$) that also takes #4 Pro\$ spot. A second daughter of Rancune, Dudoc Missouri Malice P*POC also makes an interesting debut at #6 GLPI (#18 Pro\$, highest polled cow for both GLPI and Pro\$). A third cow with a great start for her first GLPI is Lindenright Superman Moola at #9 GLPI and #23 Pro\$ (dam is Lindenright Bradnick Moovin On).

In addition to these outstanding newly indexed cows this round, three others achieve Top 10 status for GLPI and five for Pro\$. The previous breed leader for both of these indexes, namely Ri-Val-Re Camaro Nady-ET (Camaro x Numero Uno) stays strong and grabs #3 Pro\$ and #4 GLPI this round. Two cows make LPI gains to take a spot on the Top 10 GLPI list as View-Home Drman Wsconsin-ET (maternal sister to the newly proven sire, Missouri) moves from #10 to #8 GLPI (#211 Pro\$) and Stantons Spring Jenn-ET jumps from #35 position to take #10 GLPI (#83 Pro\$).
