

Leading Sire Duos Remain Unchanged for Both LPI and Pro\$

As Golden GDK Vivaldi maintains his leading position at #1 for both LPI and Pro\$ (#3 Fat) he is also still followed on the LPI list by River Valley Cece Chrome-ET (#2 LPI, #20 Pro\$) and by Sun Valley Jive for Pro\$ in #2 position (#83 LPI, tied #7 Protein). For LPI, two sires gain more than 100 points to climb the top list, namely Reyla Barnabas Channing, who jumps back from his drop last round to take #3 LPI (#7 Pro\$) and Elliotts Regency Casino-ET, who moves up to #7 LPI from #16 placing last round (#63 Pro\$). Ahlem Headline Pharoah 21795 (Headline x latola) is the third and final sire that achieves Top 10 status for both national indexes as he stays solid at #5 LPI and settles at #9 Pro\$ (#4 Milk). The Top 10 LPI list this round is completed by Dutch Hollow Chavez-ET, who maintains his #4 LPI position (#58 Pro\$), Sunset Canyon Dazzler-ET at #6 LPI (#65 Pro\$), Hawarden Impuls Premier, still at #8 LPI (#19 Pro\$), River Valley Magic Genie-ET at #9 LPI (#42 Pro\$) and Wilsonview IF Matt-ET in #10 LPI position (#30 Pro\$).

For Pro\$, in addition Channing's gain of \$216, two other sires experience important Pro\$ increases as Hawarden Dimension Pilgrim-ET moves from #7 position to take #3 Pro\$ (#12 LPI, #2 Fat, maternal brother to Premier) and Ahlem Axis Comanche-ET catapults from #27 to grab the #10 Pro\$ placing (#47 LPI, #7 Milk, tied #5 Protein). The Top 10 Pro\$ list is completed this round by River Valley Pfennig Perfect Fit at #4 Pro\$ (#19 LPI), Dodan Dew-Z Dewey-ET at #5 Pro\$ (#23 LPI, #9 Fat, tied #7 Protein), Glynn Valentino Marcin at #6 Pro\$ (tied #59 LPI, #1 for Milk and Protein), and Ahlem Megatron Windstar-ET in #8 Pro\$ position (#27 LPI, #5 Fat, tied #10 Protein).

This August release also comes with the first official domestic LPI for a group of nine sires, of which five achieve a Top 35 ranking for at least one of the national indexes. The highest of these is Ahlem Topeka Rufus (Topeka x Legal), who was initially progeny proven in United States but now takes the #15 placing for both LPI and Pro\$. The second highest sire for Pro\$ that achieves official proven status this August, and was also first proven in United States, is CDF Viceroy-ET (Dominican x Impuls), who lands at #34 Pro\$ (#86 LPI). Three genomic young bulls that are newly proven this round achieve Top 35 status for LPI. The highest of these is Ahlem Vman Dynamite-ET at #18 LPI (#87 Pro\$), who is the first proven son in Canada of Australia-born Isau Riverside Visionary Man out of Ahlem Plus Dee 42868 {6}. The two others are Shan-Mar Lemonhead Kingston-ET at #30 LPI (#55 Pro\$, dam is Shan-Mar Hilario Charlene-ET) and Guimo Judo at #34 LPI (#44 Pro\$, first proven NXLevel son in Canada, dam is Guimo Premier Joany ET).

Three Newly Indexed Cows Enter Top 10 for Pro\$

The elite combination of dam and a pair of her full-sister daughters take a stronger hold on the leading ranks of the breed as they now occupy all three of the top spots for both GLPI and Pro\$. This famous dam, Lencrest Cocopuff, maintains her #1 position for GLPI and now ranks #3 Pro\$ (#2 Fat). Her elite pair of daughters, who are full sisters by Bourbon, are Lencrest Bourbon Cocopuff ET, who stays solid at #1 Pro\$ and #2 GLPI (tied #3 Fat, #1 Protein), and Lencrest Sweet Bourbon and Coco, who moves up two placings to take #3 GLPI and also climbs one notch to #2 Pro\$ (#5 Fat, #2 Protein) to now surpass her dam. In addition, another pair of full sisters become the two highest newly indexed cows this round for Pro\$, including Progenesis Cyrus Venza ET in

#4 position (#9 Fat, #10 Protein) and Progenesis Cyrus Virginia ET at #6 Pro\$ (tied #4 Protein, dam is Progenesis VScarlet ET). Laitjoie Bourbon Romie ET is a third newly indexed cow this round that achieves Top 10 status at #9 Pro\$ (tied #38 GLPI, #7 Milk, tied #8 Protein) and follows her full sister, Laitjoie Bourbon Ramie ET, who occupies #5 position on the Pro\$ list (tied #36 GLPI, #8 Fat, #3 Protein, dam is Missiska Comanche Rihana ET at #50 for Pro\$ and GLPI). The highest newly indexed cow for GLPI this August is Unique Tesla's Myla, who arrives in #12 position (#29 Pro\$) and is a Rufus daughter out of Redhot Matt Tesla ET (#6 GLPI, #15 Pro\$, tied #10 Conformation).

Outside of the breed-leading trio, only two other cows manage to achieve Top 10 status for both national indexes. One of these is Unique Viral Marvel at #7 GLPI and #8 Pro\$, daughter of Redhot Matt Nova ET at #15 GLPI (#24 Pro\$, full sister to Tesla). The second is Laitjoie Bourbon Lysa ET at #7 Pro\$ and #8 GLPI, moving ahead of her elite dam, Guimo Vivaldi Lysanne at #9 GLPI (#61 Pro\$), who is the second leading dam of cows on the Top 400 list for both GLPI and Pro\$. The Top 10 GLPI list is completed this round by Island Vivaldi Julie at #4 GLPI (#27 Pro\$), Guimo Rufus Jezabelle at #5 GLPI (#28 Pro\$), and Jernomic Journey Minnie Fee ET in #10 GLPI position (#32 Pro\$). For Pro\$, the Top 10 list is rounded off by Progenesis Trillium in #10 position (#19 GLPI, #1 Fat).
