A battery of four sires that receive their first official progeny proof in Canada this round penetrate the Top 10 Pro\$ list. The highest of these is JX River Valley Chief {6} ET, who goes straight to the top and grabs the #1 Pro\$ position and also lands at #2 for LPI, Milk, Fat and Protein (shared). Known by the short name of JX Chief {6}, he's the first son of JX River Valley Checkmate {5}-ET proven in Canada and his dam is JX River Valley Chrome Cherita 1261 {5}-ET.
